A Vertical Tapestry in the Grey City

An architectural intervention blending urban scale with textile softness.

NotebookLM

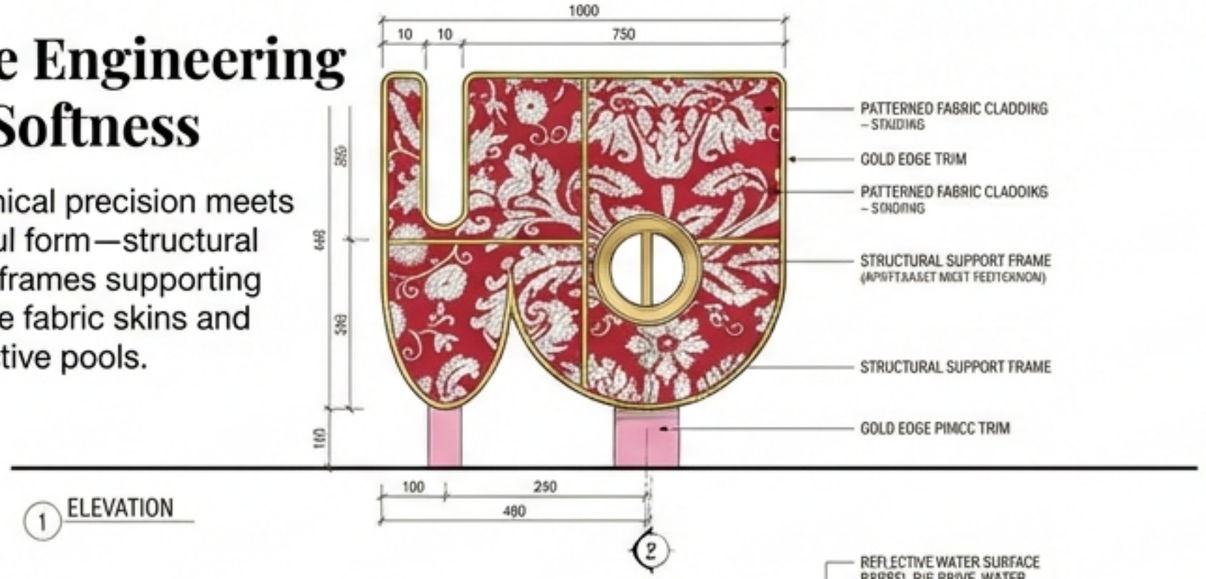
Grounding the Whimsy

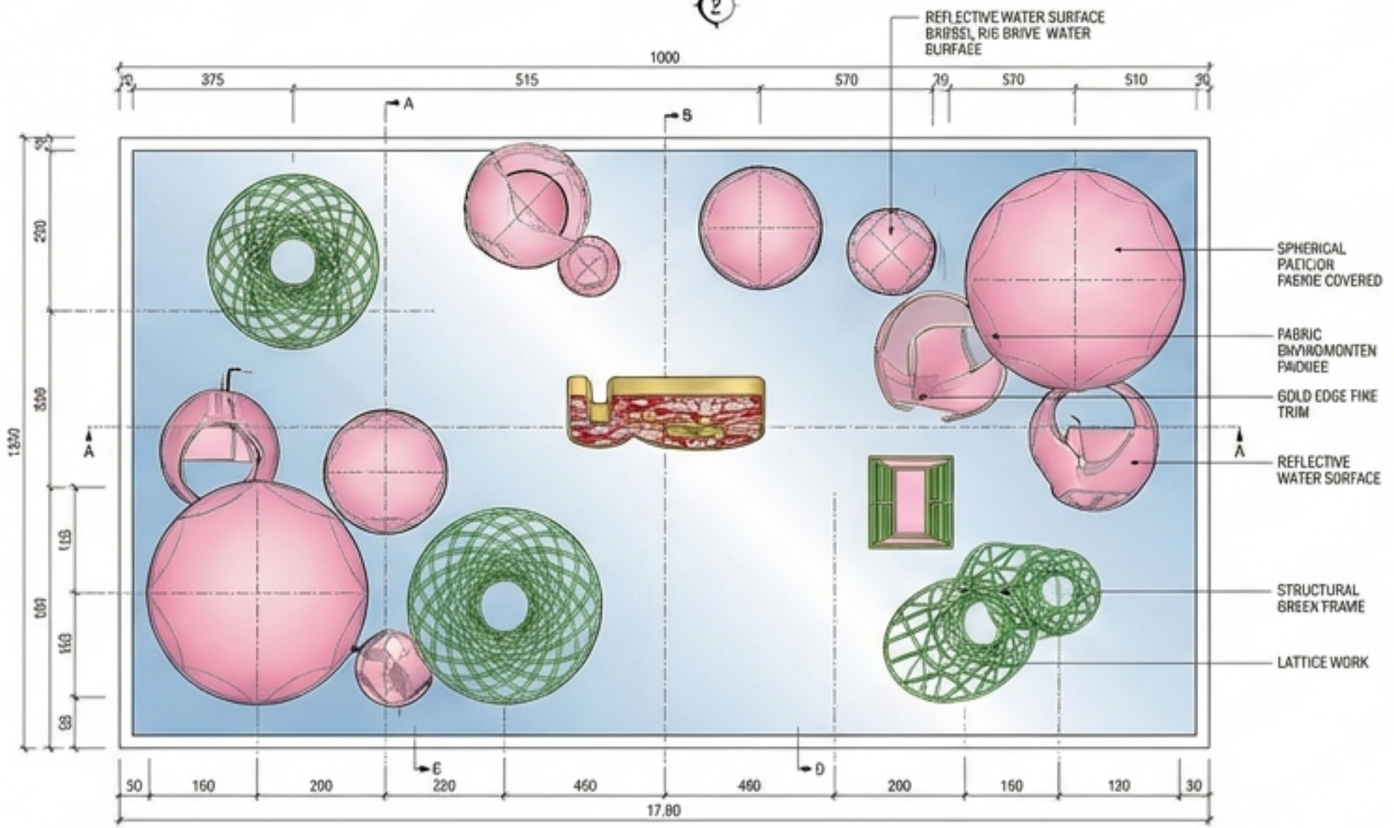
Oxidized copper anchors the structure, transitioning from street-level durability to sky-level fabric intricate patterns.

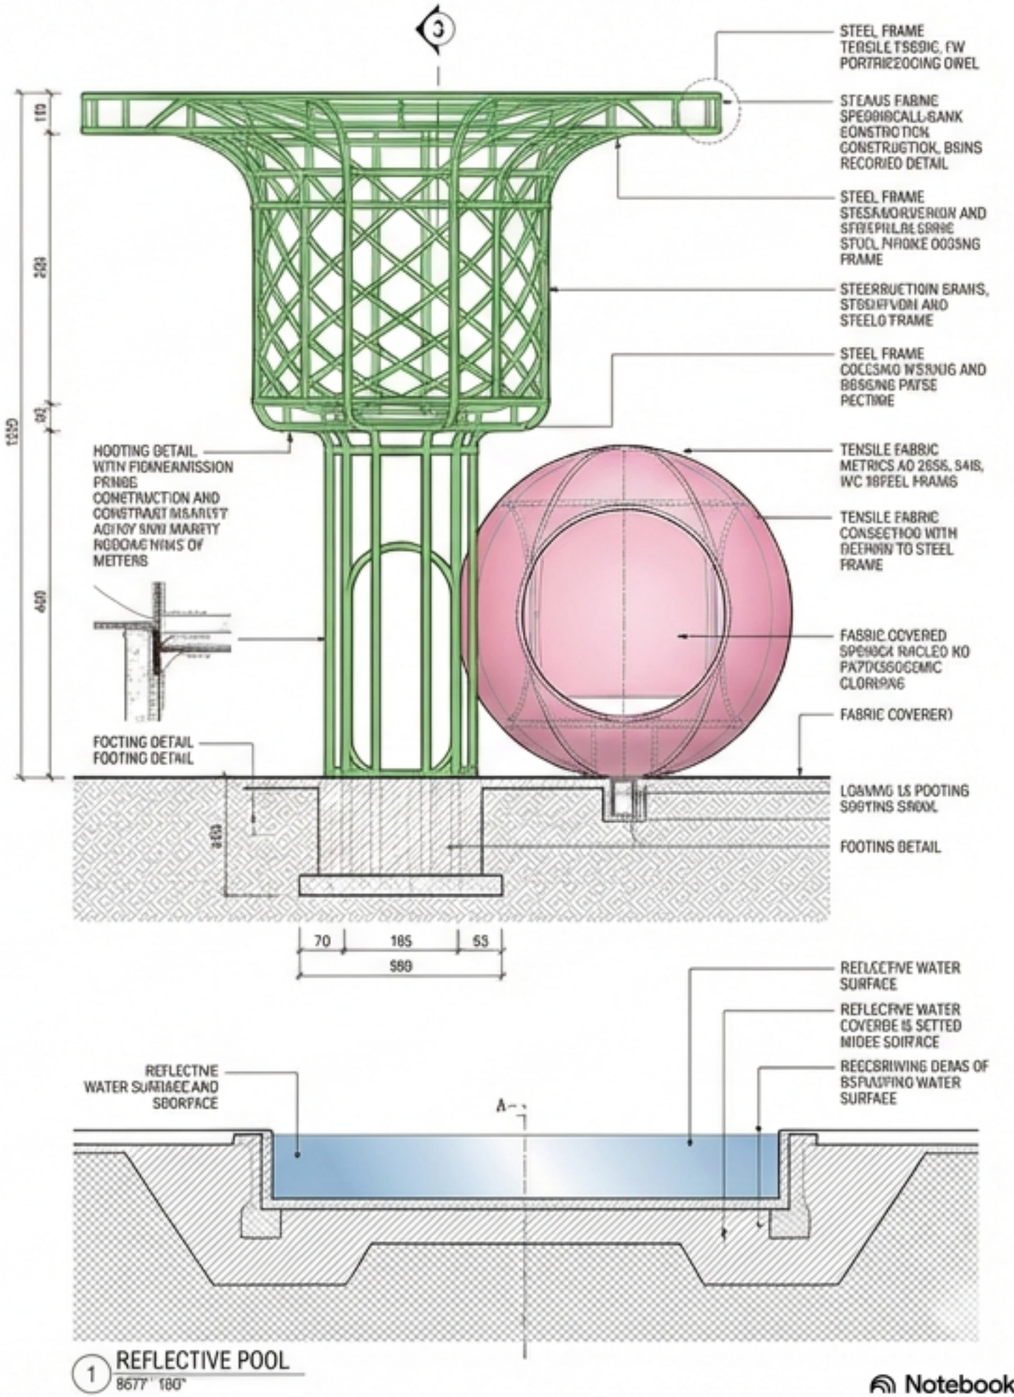
NotebookLM

The Engineering of Softness

Technical precision meets playful form—structural steel frames supporting tensile fabric skins and reflective pools.







NotebookLM

A Room of Wonder
A library space wrapped in red floral motifs, creating a warm, domestic texture within a civic volume.
NotebookLM

Industrial Play & Reflection
Navigating a landscape of red brick and patina copper, reflected in polished water surfaces.
NotebookLM

Texture, Patina, and Light
A material palette of tactile brick and green copper, punctuated by gold accents and natural illumination.
NotebookLM

The Social Amphitheater
A sun-drenched atrium designed for community connection, framed by green shingle overhangs and red masonry.
